OF OUR LIVES**

Taught by Michael Smith

- What are the slaveries that hold you back from God, from grace, from action, from prayer, and from others? What slaveries hold you from moving forward in your relationship with God and your neighbor?
- What moments of liberation have you personally experienced or what liberation moments has the world around you experienced?
- Who are the people in your personal life as well as in your community life, who need you to be working for justice and peace?
